Just a Word on Dress

Ralph Waldo Emerson wrote: "If one has keen sensibilities, it is perhaps a wise economy to go to a good shop and dress himself irreproachably".

We have learned that no keener sensibilities nor better judgment of styles exist than are possessed by young men and observant boys.

We wish them to learn that ours are "good shops".

Why Knapp's Vergil Has Been So Successful

1. It gives an introduction on Vergil's life and times, the mythology and history of Rome, the syntax and versification of the Aeneid (106 pages) that is invaluable to both teachers and students. (Some teachers have wished to supply their classes with this Introduction even where another text had been regularly adopted.)
2. The long vowels are marked throughout the text.
3. The notes are practical, helping the student to understand the Latin and appreciate the poem.
4. The Index makes available to both teacher and student at every moment all the material of the Introduction, the notes and the text.
5. The maps and illustrations illuminate the text.
6. A separate text is supplied free for the recitation room.

12mo., half leather, 12 full-page engravings, large map, 767 pages. Price **\$1.40**

"The plan of the book appears to be well adapted to fit the learner to continue his work in the language with sense and facility. As Cæsar is so largely used in the second year of Latin, it seems to me the authors have done well in selecting their vocabulary and their illustrations largely from that author."—W. E.
